Bright Outlook for Space Shoot

Man's Longest Space Venture Set Saturday

CAPE KENNEDY, Fla. (AP) — The weather outlook brightened today as Gemini 7 astronauts Frank Borman and James A. Lovell Jr. made final preparations to start off Saturday on man's longest venture into space.

Space agency weathermen had been concerned about a fast-moving trough of rain moving across the southern United States toward Florida. But they said today it probably would pass out to sea before Saturday's scheduled 2:30 p.m. blastoff time.

"The weathermen predict cloudy weather in the launch area tomorrow, but consider that conditions will be satisfactory," a NASA spokesman said.

Otherwise all elements of the launching were reported in excellent condition.

Borman had dinner Thursday night with his wife and two teen-age sons, who flew here from their Houston, Tex., home to observe the launching. Mrs. Lovell is expecting a baby, perhaps while her husband is whirling through his two weeks in orbit, and remained in Houston.

"The weather may not be as good as we've had it on some past shots," said Charles Matthews, Gemini program manager. "But we feel we have a good chance of going Saturday."

Borman, an Air Force lieutenant colonel, and Lovell, a Navy commander, are scheduled to circle the globe for a record 14 days.

On the ninth day, Dec. 13, the Gemini 6 astronauts, Navy Cmdr. Walter M. Schirra Jr. and Air Force Maj. Thomas P. Stafford, are to blast off from the same launch pad and attempt to rendezvous and fly in formation with Gemini 7. The two space ships are to conduct a series of close-in maneuvers for about six hours, perhaps approaching to within inches of each other, with a remote possibility they may touch.

The launch team must prepare the Gemini 6 rocket and spacecraft for firing in a record nine days, a task which normally requires 29.

Fight Director Christopher Kraft said Thursday night that if Gemini 6 is delayed, the Gemini 7 flight could be extended to

SPACE CENTER, HOUSTON—Capt. Robert C. Truax, using small quantities of propellants and hypodermic syringes, demonstrates the simplicity of the Titan 2, rocket engine that will be used to hurl the Gemini 7 space vehicle into space. The propellant, a fuel and an oxidizer, ignites on contact, creating the force to propel the rocket. Since the two propellants ignite on contact, no ignition system is needed, simplifying the operation. Capt. Truax is with Aerojet General, manufacturers of the rocket engine. (UPI)

15 days to give the rendezvous a better chance.

Under the 14-day schedule, the 12th day is the latest Gemini 6 can take off with reasonable assurance of completing the rendezvous.

"If there is a delay in the Gemini 6 launch," said Kraft, "we'll consider extending 7 a day. A lot will depend on the condition of Gemini 7 after a long in space. If its fuel supply, food and other consumables are good and the astronauts are in good shape, we'll consider an extension."

Mission Director William Schneider said the launch pad damage caused by the Gemini 7 blastoff will be a determining factor in how soon Gemini 6 can get off.

An evaluation team will be on the pad within 10 minutes after

Reds Rap US As An Aggressor

Kremlin Supply Lines to Cong To Be Continued

UNITED NATIONS, N.Y. (AP) — The Soviet Union accused the United States today of aggression in Viet Nam and declared it would continue to provide Communist North Viet Nam political and military support.

Soviet Ambassador Nikolai T. Fedorenko spelled out his country's position in a speech in the U.N. General Assembly's Main Political Committee.

It came on the heels of a statement by British Foreign Secretary Michael Stewart in Moscow that he had been unable in talks with Soviet officials to detect any change in the Soviet position of Viet Nam.

Fedorenko made the charges against the United States as the committee opened debate on how to prevent interference in the domestic affairs of one country by another.

"The Soviet Union strongly condemns the aggression of the United States in Viet Nam," Fedorenko declared. "An end should be put to the gross military intervention in Viet Nam and the Vietnamese people should be granted the right to determine their own destiny without outside intervention."

"The Soviet Union has been rendering and will continue to render full political support and the necessary and economic military assistance to the fraternal Vietnamese people."

Sewer Work Status Report To Panel

West Treatment Plant Next On Work Schedule

J. W. Meals, of the Burns & McDonnell Engineering Company, Kansas City, Friday morning provided members of the Citizens Sewer Bond Steering Committee with an up to date report on progress of work underway here on sewer system improvements financed under a November, 1963, bond issue of \$3-million.

Upcoming next in the construction phase is work on the West Treatment Plant. Final approval of the contract documents has been obtained from the Missouri Water Pollution Board and the U. S. Public Health Service and the city is currently advertising an invitation to bidders. Bid opening will take place on Jan. 17 and the committee was informed construction could be expected to be underway by March.

Construction of the lagoon and pump station at the West Plant is expected to begin in June and completion of the West Plant project is anticipated by November, 1967.

Meals reported considerable progress has been made by Purter & Dutton, contractors on the first phase of the improvements at the North Treatment Plant, on the lagoon construction — including the completion of an outfall structure and placing of rock riprap bed-

Prisoner Saws Way To Freedom

Lebanon Man Escapes Pettis County Jail

Charles Massey, 31-year-old Lebanon, Mo. man serving a six month jail sentence here on a check charge, sawed his way to freedom from the Pettis County jail sometime after midnight Thursday and is still being sought by authorities.

Sheriff Emmett Fairfax said jailer Virgil Morris discovered Massey was missing about 7:30 o'clock Friday morning. Area law enforcement agencies were alerted immediately.

The escapee made good his break by sawing loose steel bar, leaving approximately a six-inch space to crawl through a north window. The window through which he exited is located directly above a canopy over the entrance to the jail's juvenile prisoner quarters. From the canopy he apparently lowered himself to the ground.

Fairfax said the tool used to saw the 7/8-inch bar was not found and it had not been determined how Massey obtained the tool.

There was no immediate U.S. reaction to the latest Stewart statement.

The earlier glimmer of hope for peace talks followed by scant hours Johnson's own first significant pronouncement on Viet Nam since his Oct. 8 surgery.

Addressing by telephone top business leaders in Washington, Johnson said: "I have said it before, I say it again now. This nation is ready to talk, unconditionally, anywhere, with peace as our agenda. Peace will come because it must come."

The Post Office Department has advised that a tremendous response to the President's request "to remember our military personnel in Viet Nam" is resulting in unusual volumes of parcel post labeled to APO-FPO San Francisco.

Parcels weighing five pounds or less, bearing surface postage, will have some possibility of delivery by Christmas if mailed by Dec. 5 but emphasis must be placed on need to mail as early as possible.

Jack Smith and his father own and operate a 900-acre farm near Otterville as a partnership. One thousand hogs are farrowed and sold each year, a 75-cow beef herd is maintained with 40 to 50 head going through the feed lot.

The other inmate held Fairfax had been upstairs in the jail talking with Massey until 11 o'clock Thursday night. Massey mentioned no plans of escape, the inmate said.

Massey was convicted May 4

Ann Landers Answers Your Problems

Dear Ann Landers: I am a boy, 16 years of age and I never thought I'd wind up on your couch, but here I am.

Kids have written to you about acne before and lots of them have it bad, but mine is the worst case anybody ever saw. I'm such a horrible mess that some days I walk around the block four times before I can get up the nerve to go to school.

Ever since a dentist pulled the wrong tooth in mom's head, she has had very little faith in dentists or doctors. She says if I just leave the acne alone it will clear up by itself because acne is something that must be outgrown. According to her, too many people over-doctor themselves and wind up in worst shape than before.

I consider you a friend to teen-agers. If you say Mom is right I will shut up. But I do hope you'll take my side and be my buddy for life. — HIDEOUS SIGHT.

Dear Friend: A skin specialist can help you and I hope you will go to one immediately. A change of diet, proper medication and lamp treatments can make a world of difference. Get going, Buddy. (And if you have trouble with your mother show her my answer.)

Dear Ann Landers: I hear so much talk about how cold and unfeeling people are these days. I am now of the opinion that folks who complain about shabby treatment darn well deserve it.

I can't count the times I have held the door for women at the supermarket only to have them walk right past me as if I were paid by the store to give this service. Yesterday when it happened for the umpteenth time I felt like letting the door go right in the woman's kiss.

I try to be considerate and courteous. When I drive I often let other drivers in ahead of me. One driver out of 25 will wave a sign of appreciation. Most of the hogs keep right on going as if you owed them the favor. From now on I plan to live by the rule, "Nice guys finish last." — FORMER DO-GOODER.

Dear Former: Forgive the cliche, but it does indeed take all kinds of people to make a world and I'm sorry you are running into so many of the wrong kind.

Instead of acting according to your best instincts you are RE-

Tour of Duty Won't Exceed Regular Time More Than 30 Days

WASHINGTON (AP)—Gen. William C. Westmoreland has the authority to extend tours of duty for U.S. servicemen in Viet Nam "for any length of time if he requires it for combat necessity," the Defense Department said today.

But a spokesman added, the commander of U.S. forces has said that "his policy is not to exceed 30 days" of added duty in Viet Nam.

The question arose out of reports by some parents or Army personnel that their sons had written that they had been ordered to stay on for three extra months.

The usual tour in Viet Nam for combat personnel is one year, but some voluntarily extend their service beyond that time.

Parents Will Also Go Before the Judge

ABILENE, Kan. (AP)—Parents, as well as their erring youngsters, will have to face County Judge Tom Hold in future cases of juvenile traffic violations.

"We're getting too many repeaters," Judge Hold said Thursday, announcing his new policy for young drivers.

Hereafter, he said, when the boy or girl driving with parental permission and a restricted license appears before him, the parents will accompany them on charges of permitting the violation.

And that doesn't mean the violators will be automatically absolved of their responsibility, either, the Judge added.

LBJ Urges Cooperation To Hold Wage-Price Line

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP) — In citing Viet Nam war needs as a reason for businessmen to hold the price line against inflation, President Johnson linked the two things that the executives have closely tied in their own minds of late.

For many business leaders have feared the Viet Nam military buildup was the spark that could set an orderly but highly expanded economy into a boom.

And this worry in recent weeks has built up fear of a new inflationary surge.

The rising cost of living and higher wholesale and materials prices have fed such fears. So, too, in its own way has the debate on the merits or perils of rising interest rates.

President Johnson's plea to hold the wage-price line was addressed to the business council, a group of top executives of American industry, meeting in Washington. He said the line could be held and all of the Viet Nam war needs met, if government and business and labor cooperate.

The spending on the war, now estimated to add perhaps \$5 billion more to government outlays next year, could be taken in stride by today's giant-sized economy. Businessmen admit that. What they're worried about is that even without this stimulant, the economy shows every sign of growing to the point of full employment and full use of production capacity. Government spending in other fields than the Viet Nam war also is rising, and seems likely to go higher. This would be a stimulant in itself to the economy.

It's the possibility of an economy working at capacity — with

labor shortages developing here and there and with no idle factory facilities to draw on — that arouses the fears of overheating. That is, at some point added upward pressure could set off a boom.

And booms historically have meant inflation, with wages and prices chasing each other uphill. Also historically, there has been a sudden end to the joyride — almost everyone injured in the spill.

The President does urge business can be avoided. He rejects the idea of conservative monetary authorities that a brake should be put on economic expansion by letting interest rates rise, as demand for loans to finance expansion rise. He thinks this is more likely to crimp prosperity than to provide a safe medicine to ward off inflation.

The President does urge businessmen to resist the temptation to raise prices. They have been pleading that their raw materials and production costs have been going up faster than mechanization can provide a counterbalance. Also some are tempted because competition in their industry has slackened as buying demand grows and idle facilities are put to work.

The government also urges labor unions to hold down wage demands, so as not to push up production costs enough to make price rises inevitable.

And the President wants the banks not to raise interest rates

THE SEDALIA DEMOCRAT—Sedalia, Mo., Fri., Dec. 3, 1965

for their eager borrowers, and thus cool some of their ardor.

These guidelines, he says, would prevent inflation. And he thinks the Viet Nam war expansion needn't be either the ex-

use or the cause of overheating the already bubbling economy.

Minister Acts As Guard for Showgirls

By GODFREY ANDERSON
LONDON (AP)—Drums roll, in case of long unemployment or sickness, members can use the actors' club in the crypt of St. Martin-in-the-Fields, Trafalgar Square; get a list of theatrical lodgings approved by both chaplains and members of the profession, and a list of chaplains and their churches.

Twice a week Father Bryan leaves his parish of St. Thomas in the drab Finsbury Park district of north London to visit his other parishioners amid the bright lights of West End theaterland. His particular responsibilities are the Prince of Wales and the Garrick Theater.

He has been an Actors' Church Union chaplain for a dozen years, first at the Finsbury Park Empire, an old - time music hall, now pulled down.

The Actors' Church Union was founded in 1899 to serve the theatrical profession of all denominations or none. For place for a clergyman to be.

Not that the Rev. Christopher P. Bryan would be shocked at anything. He is one of a hun-

dred or so Anglican priests who in work as chaplains in the theaters, movie and television studios of Britain.

St. Martin is the patron saint of actors, though he once said no actor should be baptized until he gave up acting.

St. Paul's, in Covent Garden, is sometimes called the actors' church because David Garrick worshipped there and the ashes of Ellen Terry and other famed players are interred within its walls.

But the Bishop of London has assigned the Church of St. Vedast-Alias-Foster as chapel for the union. Its headquarters adjoining are linked by a cloister with the church. There, on St. Martin's Day each year, members of the profession worship at a special service.

The Rev. John Mortimer, 50, a New Zealander who had the job of promoting religious drama at Southwark Cathedral and now is chaplain at one of England's top ballet schools, today heads the union and coordinates the work of its chaplains.

The union is represented almost everywhere in the world where British showgirls go. It has chaplains to look after girls in Paris and Dublin and the cooperation of an Episcopalian priest even in Las Vegas, Nev.

After a day in headlines, the talk faded away.

De Gaulle is not stepping outside the Elysee Palace for the campaign, and even if he did Mrs. de Gaulle would not go with him. During his earlier tours of the French provinces, she often went along but kept in the background. She stayed inside the automobile, or slipped in the side door of government buildings where they were to spend the night.

Mrs. Mitterrand says, "I don't like politics, but I force myself into it." She attended one leftist meeting for women in Paris, but does not accompany her husband on tour.

In Strike Force**Relatively Light Plane Probationary In Viet Nam**

SAIGON, South Viet Nam (AP)—A relatively light plane with a lot of zip, Northrop's F5 Freedom fighter, is a probationer among U.S. Air Force strike aircraft in Viet Nam.

Some pilots affectionately call it the Sidewalk Tricycle.

Maj. Alfred Hopkins, Killean, Tex., reports another nickname is the Skoshi Tiger. Skoshi is Japanese for little.

Hopkins is operations officer for a provisional squadron carrying out an exhaustive 120-day test of a dozen of the needle-nosed F5s, weighing assets against some obvious drawbacks.

The F5 has a wing span of 26 feet, 7 inches and a maximum take-off weight of 19,000 pounds. It can carry only about one-third of the bomb load of McDonnell's F4 Phantom, a standard weapon of both the U.S. Air Force and Navy that has a maximum take-off weight of more than 40,000 pounds.

Top speed of the F5 is Mach 1.4, or about 1,000 miles an hour. However, its normal operating range is short.

The F5 has been sold to some allies of the United States, but still lacks an Air Force contract.

In its present form, the F5 appears to be a far cry from the perfect answer to problems of the air war against the Communist guerrillas.

The ideal would be a subsonic jet with a high bomb-carrying capability and fairly long range. The plane which probably most nearly approximates this is the A6 Navy attack plane, which is not carrying out air assaults in South Viet Nam at present.

Three of the F5s, dressed in their dull brown and green camouflage paint and each carrying two 750-pound bombs, streaked off the runway at Bien Hoa air base last Saturday for an attack against a Viet Cong stronghold.

In flight, the planes were diverted to help a Vietnamese regiment which was being destroyed by a Viet Cong assault force only 45 miles northwest of Saigon.

'War' Appears Over**Major Christian Bastions Generally Cease Conflict**

By GEORGE W. CORNELL
AP Religion Writer

An old ecclesiastical war today seems largely over.

Skirmish still occurs in the ranks, and the smoke of crossfire lingers, but the major bastions of Christianity have generally ceased head-on conflict on the issue.

It concerns the Bible and church tradition.

Their relationship was a blunt and blazing issue of the 16th century break between protestantism and Roman Catholicism.

"Sola Scriptura," the protestants proclaimed as the basis of their faith. "Only the Bible."

In rebuke, Rome's Council of Trent promptly struck back with its definition taken to mean two separate fons of truth: "Scripture and tradition."

The battle of assumptions and slogans continued into the present era, when mutual scholarship began to mitigate it, leading last month to some major protocols of the growing understanding on the matter.

In approaching closer accord, church leaders point out, both sides have moved.

Protestantism has increasingly recognized the contributory role of tradition, in understanding and upholding the primacy of scripture. Roman Catholicism has increasingly stressed the fundamental place of scripture in underpinning tradition.

They "are so linked that one

cannot stand without the other," declared the Constitution on Divine Revelation, newly promulgated by the Vatican Council, which closes next week. It adds: "All the preaching of the church must be nourished and regulated by sacred scripture."

That council document, which avoids fixing the old "double-source" interpretation of scripture and tradition as separate channels of divine revelation, provides a dramatic landmark of the developing concurrence.

Another sign of it was apparent in a new three-volume "Encyclopedia of the Lutheran Church," issued by Augsburg Publishing House of Minneapolis under auspices of the Lutheran World Federation.

It is the most comprehensive English-language work assembled on Lutheranism, the formative protestant lineage. Martin Luther led the departure from Roman Catholicism more than 400 years ago.

In dealing with the old key issue, the encyclopedia notes that among protestants and Catholics "the problem of tradition in its relation to scripture and to the history of the church is being raised in a new manner."

The article by Lutheran theologian Kristen E. Skjeldgaard adds that protestants have come to recognize "the important role played by tradition in the Bible itself."

For instance, it is noted that

Find Guilty Verdict In Manslaughter Case

KANSAS CITY, Kan. (AP)—Robert L. Lewis, 22, was convicted Thursday by a district court jury of fourth degree manslaughter in connection with a traffic death.

Lewis, of Kansas City, was the driver of a car in which Mrs. Donna Minnick, 16, was killed July 26, 1964. The car bumped another car and then hit a pole.

The penalty for fourth degree manslaughter ranges from six months in county jail to two years in state prison.

A motion for a new trial will be argued Dec. 11.

221 Italian Films

ROME (AP) — The Italian Movie Producers Association reports 221 films completed in the first 11 months of 1965, 21 more than in the same period last year. In this year's batch, 77 were financed by foreign capital entirely and 64 in part.

Christianity existed for more than 150 years before the Bible was compiled, on the basis of handed-down traditions and guidance of God's spirit, and that subsequent work continues to enlarge comprehension of it.

In dealing with the old key issue, the encyclopedia notes that among protestants and Catholics "the problem of tradition in its relation to scripture and to the history of the church is being raised in a new manner."

The article by Lutheran theologian Kristen E. Skjeldgaard adds that protestants have come to recognize "the important role played by tradition in the Bible itself."

New Role For Urban Development

WASHINGTON (AP)—A presidential task force studying the role of the new Department of Housing and Urban Development may recommend giving it broader authority, possibly some antipoverty programs.

President Johnson announced Nov. 5 he wouldn't name a secretary for the new department until after the committee's report expected near the end of the year.

White House press secretary Bill D. Moyers said the group was set up to determine "how this department should be organized in order to get the best possible start."

Moyers didn't identify the members of the task force, but the National Association of Home Builders has protested that it doesn't include anyone with a direct knowledge of the housing industry.

The association said the members are:

Machinists Strike Bendix Corporation

KANSAS CITY (AP)—A strike at the Kansas City plant of the Bendix Corp. was authorized Thursday by members of the International Association of Machinists.

The union represents about 4,000 workers at the plant. A union official said the vote was 2,256 to 22. Negotiations for a new contract are continuing. The present contract expires Jan. 16.

The Bendix plant manufactures electrical and mechanical components for the Atomic Energy Commission's complex at Albuquerque, N.M.

Ft. Slocum Closed

NEW ROCHELLE, N.Y. (AP)—Ft. Slocum, which has housed hundreds of thousands of American soldiers since the Civil War, has heard its last retreat. The 80-acre Davids Island, on which the fort stands in New York Bay was closed in a Pentagon economy drive.

Burial will be in Walnut Grove Cemetery, Boonville.

Helen Klenkle (Pilot Grove)

Mrs. Helen Lorenz Klenkle, 66, Pilot Grove, died Thursday at St. Joseph Hospital, Boonville.

Born July 20, 1899, in Clifton City, she was the daughter of Henry and Catherine Young Lorenz. On May 2, 1923, she was married at Clifton City to George Klenkle, who survives. For 18 years, she was a telephone operator at Pilot Grove. She was a member of Altar and Rosary Sodality of St. Joseph Catholic Church.

Surviving, besides her husband, are a son, Levern W. Klenkle, two daughters, Mrs. Robert (Geraldine) Mabry, of Kansas City, and Mrs. Donald (LaVahn) Brown, Sedalia; two sisters, Mrs. Emil Pabst, Pilot Grove and Mrs. Theresa Whittman, Marshall; three brothers, Steve Lorenz, Eugene, Ore., Henry Lorenz, Wagner, Okla., and Earl Francis Lorenz, of Springfield, Mass.

Funeral services will be at 10 a.m. Saturday at St. Joseph Catholic Church, Pilot Grove, the Rev. Edwin Strum, officiating.

The rosary will be recited at 8 p.m. Friday at Hays and Painter Funeral Home, Pilot Grove.

Burial will be in the St. Joseph Cemetery, under direction of Hays and Painter Funeral Home, Pilot Grove.

White Man Guilty In Dixie Death

ANNISTON, Ala. (AP) — For the first time in recent Alabama history, a white man has been convicted of murder in the slaying of a Negro.

Hubert Damon Strange, 25, was convicted Thursday of second-degree murder. The white male jury set his penalty at 10 years in prison.

Judge Robert M. Parker set sentencing for noon EST today.

The conviction of Strange for the murder of Negro foundry worker Willie Brewster, 38, followed two recent acquittals of white men in Alabama civil rights slayings. The acquittals brought a renewal of Alabama demonstrations by the Southern Christian Leadership Conference, a civil rights group headed by Dr. Martin Luther King Jr.

There have been at least two manslaughter convictions of whites in modern Southern history for the slaying of Negroes in cases linked to recent racial tension.

Johnnie Mae Chappel, 35, Negro, was shot and killed in Jacksonville, Fla., during racial demonstrations on March 23, 1963. J.W. Rich, 22, a white man, was sentenced to 10 years for manslaughter.

Virgil Ware, 13, a Negro, was shot to death Sept. 15, 1963, in the aftermath of a Negro church bombing which killed four girls in Birmingham, Ala. Two white youths were convicted of second-degree manslaughter and released on probation.

Howard Shafer, 52, Independence, died at his home there at 10 p.m. Wednesday.

He was born in Knob Noster, son of the late Lewis and Elfie Weidman Shafer. He operated the DX service station in Knob Noster before moving to Independence 22 years ago. At the time of his death he was office manager of the air cargo terminal at Municipal Airport, Kansas City.

He was married to Miss Ruby Phelps, who survives of the home.

Also surviving are two daughters, Mrs. Joyce Arnold and Mrs. Jane Klein, both of Independence; three sisters, Mrs. Carl (Ruby) Drath, Bartlesville, Okla.; Mrs. John (Vena) Brannan and Miss Mary Shaffer, both of Kansas City; two brothers, Cole Shafer, Cedar City, Mo.; and Lewis Shafer, Douglas, Kan.; three grandchildren.

Funeral arrangements are incomplete. The body is at an Independence funeral home.

Mr. Shaffer was graduated from the Knob Noster High School in 1931.

Funeral services will be at 10:30 a.m. Saturday at Carson Chapel, Independence.

Burial will be in Mt. Washington Cemetery.

Friends may call at Carson Chapel from 7 to 9 Friday.

Phase 3 of the improvements program, on the city's South Treatment Plant, won't be underway for some time though. Contract documents on the South Plant have been filed with the Missouri Water Pollution Board, U. S. Public Health Service and the city for review and comments, but Burns & McDonnell pointed out release of these documents for receipt of proposals is not anticipated prior to federal fiscal year 1967.

Design work on the State Fairgrounds sewer and Sewer District No. 147 is nearly complete, the committee was told, however, the West Plant lagoon and State Fairgrounds pump station must be complete before these sewers go into service and advertising dates must be scheduled accordingly. The lagoon and fairgrounds pump station will be priority items on the West Plant construction schedule, the engineering firm said.

A start on Special Sewer District No. 147, in Thompson Hills, is estimated for May, 1966, with completion expected in August, 1966. The State Fair Sewer work would get underway at the same time and be completed possibly prior to fair time.

Meeting Friday morning with Meals were the Rev. Walter P. Arnold, chairman of the steering committee; and committee members, Julian Bagby, Mrs. Roseann Johns, William Schien, Maurice F. Hogan, and City Engineer Robert Cunningham.

Indonesian Split With Reds Widens

JAKARTA, Indonesia (AP) — The split between Indonesia and Communist China has widened, and President Sukarno appears to be seriously reapplying his Peking-oriented foreign policy.

Antagonism between the two countries developed after the attempted coup Oct. 1, which the Indonesian army's leaders say was planned and directed by the pro-Peking Indonesian Communist party, the PKI.

For weeks Sukarno stubbornly resisted demands from the army and anti-Communist organizations to reshape his foreign policy. Now it seems that Sukarno has conceded.

This was indicated Thursday by first Deputy Premier Subandrio, the foreign minister, who usually speaks for Sukarno, in an interview with the army newspaper Berita Yuda.

He said that because of pressure from the PKI, Indonesia's foreign policy had been influenced by the Chinese position in Peking's dispute with Moscow.

Now that the PKI has been practically eliminated from the scene, Subandrio continued, he is free to carry out a foreign policy based on "realism."

He said: "In the past, in the struggle against neocolonialism (neocolonialism, colonialism and imperialism), our foreign policy was influenced by the existence of ideological conflicts of one Communist party with the other. At present we are free from that."

"I obviously have the freedom now not to be entangled with the conflicts of Communist countries, whereas previously our PKI was affected by that."

"Their conflict is their own business. I will not participate in it."

Diplomatic observers were stunned at the change in Subandrio's approach to foreign policy. Until Oct. 1 both he and Sukarno were full of admiration for Communist China and the PKI.

Subandrio said he and Sukarno tried hard to avoid a crisis with China. He blamed Peking for the deterioration of relations.

Subandrio accused Peking of interfering in Indonesia's internal affairs by its broadcasts denouncing the army's crackdown on the PKI.

Sukarno had rejected non-alignment and committed Indonesia to Peking's hard line opposing the peaceful coexistence advocated by the non-aligned countries and the Soviet Union.

Political observers say now that Indonesia has parted with Peking, it is isolated in the world of international politics and will have to look for new friends.

Egypt Prices Hiked

(Continued from Page One) the state of Missouri was made in 1910 when Sedalia was being considered as the site of an industrial home for Negro girls. But the purchase price of \$6,050 raised a fiery editorial crusade in the Democrat-Sentinel and a public protest resulting in the state school not being built here. Also \$2,250 of the purchase price was refunded to the state, cutting the sale price to \$3,800.

Girl Scouts began using the area under a 1939 lease and continued to do so until 1963, when state ownership of the property was rediscovered when the REA sought to obtain a utility easement across the camp.

That year a bill to authorize the sale was introduced in the legislature by Pettis County's representative at that time, Thomas T. Keating, but the measure was halted.

This session, Rep. Rains was successful in getting the measure through the legislature to sell the property to the Girl Scout Council bringing the story to a close. The Girl Scouts can continue use of the camp for as long as they desire, but should they discontinue, title again reverts to the state.

Developments In Communications Told To Kiwanis

An extraordinary

Washington Capsules

WASHINGTON (AP) — More "government by guideline" is expected if economic developments are deemed inflationary. U.S. officials don't expect an immediate and dramatic reinforcement of troops in Viet Nam.

BUSINESS: President Johnson talks by telephone to a conference of top business leaders and plans a meeting with his four principal economic advisers later in the week.

The developments stimulated talk of more and tougher "government by guideline" should spending for the Viet Nam war increase inflationary pressures.

Officials insist, however, that mandatory controls aren't being contemplated.

Should price, wage or interest-rate changes threaten economic stability, they say the government would exercise its influence through such tools as publicity, persuasion and the creation of voluntary goals and guidelines.

MILITARY: U.S. officials say more troops probably will be sent to Viet Nam, but the increase won't be immediate or of dramatic proportions.

Some 165,000 U.S. servicemen now are in the Southeast Asian nation, and there is speculation the total could climb to as high as 300,000.

There's been no official word on that, however, and Secretary of Defense Robert S. McNamara said earlier this week that he wouldn't make any forecast.

Key to any buildup, sources say, is the development of the necessary port, depot and other facilities to support the troops.

Even the bottom of a Volkswagen looks funny.

We are speaking to you from underneath a Volkswagen.

Not much to look at, is there?

Too bad that big sheet of steel is in the way. Otherwise, you could see all of the Volkswagen's works.

But don't feel cheated.

That sheet of steel is the Volkswagen's bottom. No other car has anything quite like it.

The steel bottom protects the VW's vital parts against everything. Including time. It's one of the big reasons why VWs last so long.

The VW's bottom wasn't an after-

thought. It's part of the design. The car is sealed to the bottom and the bottom is sealed to the car.

Which is why a VW is practically airtight. And why some of the rumors you've heard about floating Volkswagens aren't just rumors.

The VW's funny-looking top and funny-looking bottom have one thing in common; they both work to make the Volkswagen as good as it is.

It would be easy enough to change them.

But we think we'll leave bad enough alone.

EDITORIALS**Winterize Against Litter**

One thinks of spring and summer as more appropriate times to discuss the litter problem. This is because there is more evidence of public untidiness during warmer months.

Winter may minimize the litter or snow cover it up for a time but discarded and scattered articles make their appearance without regard to seasons as long as people don't care.

Whatever is thrown out a car window whether it is a beer can, a paper napkin, a paper cup, a chewing gum wrapper, a cleansing tissue, someone else has to pick it up ultimately. In the meantime if it isn't picked up the stuff may be wind blown for blocks. This has happened in the vicinity of drive-ins where service personnel have a difficult time picking up after customer carelessness.

It is too physically exhausting for drive-in customers to use disposal receptacles or retain paper articles for collection by the car-hop rather than toss litter on the pavement?

It would be better to appeal for civic pride about not being a litterbug rather than to tag tidiness as a moral obligation or obedience to a law.

Looking Backward**TWENTY-FIVE YEARS AGO**

At the Methodist church in Smithton a new Boy Scout troop was organized. The Rev. Edwin J. Weis was made scoutmaster; C. E. Rissler, assistant scoutmaster; H. S. Fourteen members of the troop are: Jackie Baldwin, Jimmy Eddie, Donald Hoehns, Richard Luce, Hulen Luetjen, Lilburn Lujin, E. L. McKnight, Ray Meyer, Floyd Merk, Mac Muschane, Gail Oehrke, Robert Ray, E. H. Schlotzhauer and Ralph Smith. Presentation of the charter was made by Harry Lambirth of Sedalia, neighborhood commissioner.

Washington Viewpoint**War Chant Sours Holiday Peace Tune**

By JACK ANDERSON

WASHINGTON — With the Christmas refrain of "peace on earth" already ringing in their ears, the American people face, not peace, but an ever more bitter, bloody war in Viet Nam.

During the past year, the undeclared jungle war has mounted so steadily—a step at a time—that few Americans realize it is rapidly approaching the scale of the Korean War.

By the coming spring, if secret Pentagon plans are implemented, American forces in South Viet Nam should surpass 300,000 men, more than saw action in Korea. It is abundantly clear that the chips are down.

With the build-up, inevitably, have come soaring casualty lists. Already ex-Vice President Nixon has served notice that the Viet Nam war would be a political issue in the 1966 campaign.

In brief, here is how the Viet Nam war looks to the men in the backrooms of the Pentagon:

VIET CONG STRENGTH—Out of a population of 14,000,000, the Viet Cong have no more than 300,000 dedicated, disciplined followers. Perhaps 70,000 can be classed as regular, bolstered by an estimated 16,000 North Vietnamese troops, with more infiltrating every day.

Another 100,000 to 120,000 guerrillas are operating in small bands, often farming by day and fighting by night. The remaining followers may scout, spy, smuggle and run messages for the Viet Cong.

The hard-core Viet Cong believers influence another 500,000 sympathizers. Thus the Communists might claim the support of 6 per cent of the population.

Across the 17th Parallel, North Viet Nam has a standing army of 250,000, a militia of another 200,000. An additional 40,000 men in the security forces are under arms. The key question, of course, is—how many of these men will North Viet Nam slip across the border?

VIET CONG STRATEGY—There is evidence that the Viet Cong have shifted the brunt of their attacks from the South Vietnamese to the Americans.

The U.S. build-up has given them the opportunity to make the war conform to their own propaganda—a war between the American "imperialists" and the Vietnamese people.

Drive Out Americans

A North Vietnamese sergeant, captured at Plei Me, was asked why the Communists had kept fighting despite staggering casualties.

His answer is ominous for Americans: "We had been taught that our duty was to drive out the Americans, to liberate our fellow countrymen, to fight to the last drop of blood. So, in spite of the casualties, we fought hard."

Other prisoners have also told of intensive anti-American indoctrination.

RED CHINA'S ROLE—While egging the Viet Cong on and declaring America a "paper tiger," the Red Chinese have shown

There is a law, too. Persons placing litter in receptacles shall do so in such a manner as to prevent it from being carried or deposited by the wind upon any street, sidewalk or other public place or upon private property such as a drive-in.

More particularly the city ordinance specifies that no person, while a driver or passenger in a vehicle, shall throw or deposit litter upon any street or public place, or upon private property.

It is difficult to enforce these restraints unless someone is caught in the act. But, regardless of the law or moral obligation to keep things tidy around Sedalia this winter season, there should be some voluntary response like that evidenced by an attendant at a drive-in this week. He had enough personal interest in picking up after customers to go so far as to clean up the debris on the traffic island at Broadway and Ohio.

It is too physically exhausting for drive-in customers to use disposal receptacles or retain paper articles for collection by the car-hop rather than toss litter on the pavement?

This is the sort of attitude more

Sedilians should emulate before Santa

Claus forms an opinion that our boys

Guest Editorials**The World Today****Bag of Confusion Growing Bigger**By JAMES MARLOW
AP News Analyst

WASHINGTON (AP) — Talk about peace talks on Viet Nam is a bag of confusion and the more the talk the bigger the bag.

Just last Friday Secretary of State Dean Rusk said peace talks with the Communists without preconditions would be ac-

cepted now but he said he did not expect such talks soon because:

"There has not been and there is not now any indication from Hanoi (in North Viet Nam) that they are prepared to accept the self-determination and independent existence of their neighbors (meaning South Viet Nam) as free countries."

Thus, although saying this country was willing to talk without preconditions, he was also saying that no matter how long the talks lasted one precondition to any talk was the independence of South Viet Nam.

This was, in effect, a repetition of what President Johnson said last April when he announced the United States was willing to have unconditional discussions with the Communists.

Meanwhile, the North Vietnamese Reds have laid down conditions of their own for any settlement, one being that the United States would have to clear all its troops and bases out of South Viet Nam.

Rusk also refused to say last Friday whether any peace contacts were under way now with North Viet Nam, noting that private diplomatic channels between governments had to be protected by secrecy to prove useful.

But last Monday he said there have been contacts every week with Hanoi.

Thursday in Moscow, Britain's foreign secretary, Michael Stewart, called on the Soviet Union to join his country in calling a conference to arrange a cease-fire in Viet Nam and bring about a peaceful settlement.

And Thursday Rusk, after talking with Johnson in Texas, said the United States is willing to attend a conference on Southeast Asia of the sort proposed by Britain.

But in 1954 the United States joined Britain, France and Russia in calling a meeting to settle the war then going on between the French and the Vietnamese under the Communist leadership of Ho Chi Minh.

The conference was held, the French agreed to get out, Viet Nam was divided into Communist North and non-Communist South, but the United States refused to sign the agreement.

Just a few days ago the United States joined in a vote at the United Nations — there were no dissenting votes — to call a disarmament conference, which would include Red China.

(But the United States refused to say whether it would take part — it said it might take part in preliminary sessions — and then Red China said it wouldn't take part at all unless admitted to the United Nations.)

Last April North Viet Nam turned down an appeal by 17 nonaligned nations for unconditional negotiations on Viet Nam.

And last month the State Department admitted it had rejected last autumn what Rusk called "so-called peace-feelers" from North Viet Nam. Rusk explained the Communists "undoubtedly felt they were on the threshold of victory."

No More Drinking On Helicopter Lines

WASHINGTON (AP) — The Federal Aviation Agency has extended its drinking restrictions to helicopter airlines, in effect saying it wants no whirling passengers on the whirlybirds.

Effective Dec. 31, helicopter airlines will not be allowed to serve drinks to persons who appear to be intoxicated nor permit on board any who seem to be intoxicated. Passengers also can't bring on board their own refreshments. Alcoholic beverages not served by the airline are prohibited.

Clarify New Math TermsBy Susan Light
Newspaper Enterprise Assn.

DEAR MRS. LIGHT: I know "the new math" is an old saw by now, but it's just starting to bug me. My daughter is in the second grade in a new school and apparently is taking a different program from the one she had last year.

I don't see why "the new math" experts can't get together on their terms. Debbie came home today in tears because she hadn't known how to do some problems they had at school. It turned out that the teacher and work book used the term "less" in subtraction, and she was accustomed to "minus" or "take away." She didn't know, for example, what "six LESS two" meant.

The grammar bothers me, too. In drilling her on addition, we have always said, "Two and two ARE four." She insists her teacher says, "Two and two IS four." Isn't this incorrect English?

The teacher also makes a big to-do about calling any figure she writes down a "numeral" instead of a "number." What is the name of common sense in the difference? — DOUBTING THOMASINA

Harry Harkavy and Cliff Russell of Miami Beach have been one of the most successful pairs in this country for several years. A large part of their success is complete partnership confidence.

Defending against two spades, Harkavy opened the king of hearts and continued with the ace in spite of Cliff signalling stop with the four spot.

Declarer ruffed and led a club which Harry won with his ace. A third heart was won in dummy and the ace of spades played.

At this point Cliff came up with a tremendous defensive play. He dropped his king of spades on the ace. There are plenty of occasions when you should unblock with a king, but very few when it is the king of trumps.

This was one of them. If he had hung on to the king he would have been thrown in with it and forced to lead a diamond or club toward dummy. A combination of a diamond lead combined with a nine-spot play by West would have beaten the hand but the trump unblock was more certain.

Declarer continued with a second trump won by Harry's queen. From then on, Harry led hearts at every opportunity and all South could make were two diamonds and his last two trumps, which added to the three tricks he already had, left him one trick short.

Space Shots Week's Big TV Specials

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP) — Network television's big special of the next seven days will be coverage of the double Gemini space shots, with the first one set for take-off at 2:30 p.m. (EST) Saturday.

ABC will start its coverage at 2 p.m.; CBS, 1:30, and NBC at noon.

NBC, with a football game to cover, will use a split screen technique to show the rocket on its pad in one quarter of the screen while the rest is occupied by the game. It will cut away from the game at launching time. Later, it will use "crawl"—news bulletins moving across the bottom of the screen—to keep up with Cape Kennedy developments.

The other two networks will concentrate in the usual fashion on Cape activities and explanations of the proposed space rendezvous with another space capsule to be launched later.

It promises to be a rather lean period in terms of special entertainment programs—only a Danny Thomas show on NBC Wednesday (9-10). Thomas' guest stars will include Lucille Ball and Jerry Lewis.

"Secret Agent" will come back to CBS Saturday night (8:30-9:30) as part of a program shuffle that dropped "Slattery's People" and tonight puts "The Trials of O'Brien" into the Friday schedule (10-11).

NBC will re-run "Rudolph, the Red-Nosed Reindeer," a children's show, on Sunday (5:30-6:30 p.m.). "CBS Reports" on Tuesday (10-11 p.m.) will be a documentary on the Los Angeles disturbances last summer—"Watts: Riot or Revolt?"

World News In Brief

RIO DE JANEIRO (AP) — A Brazilian military court is considering a request for the arrest of Francisco Negro de Lima, whose election as governor of Guanabara State was a factor in President Humberto Castello Branco's assumption of dictatorial powers Oct. 27.

The court has 48 hours to act after receiving the request Wednesday from a military board of inquiry. The board charged that Negro de Lima, 64, worked with the outlawed Community party.

Guanabara includes Rio de Janeiro and its suburbs.

QUITO, Ecuador (ap) — A terrorist bomb exploded in front of the national palace and city hall building Wednesday night and caused some damage. There were no injuries.

Air Force Col. Guillermo Freile Posso, ousted three days ago from the ruling military junta, had been held in the building until Wednesday night. He was transferred to his home in suburban El Batan and is under house arrest there.

SEOUL (AP) — South Korea's Central Intelligence Agency announced today it has rounded up eight members of a North Korean spy ring who slipped into the country from Japan last month.

It said a nationwide search is under way for eight others.

The announcement said those arrested included the group's leader.

BONN, Germany (AP) — Foreign Minister Gerhard Schroeder told Parliament today that there has been no withdrawal of American troops from West Germany.

U.S. sources said that the total number of troops in West Germany will be reduced by "fewer than 1,500" as the result of a reorganization. About 700 men are being taken out of West Berlin, but they were extra troops sent there after the Berlin Wall went up.

SALISBURY, RHODESIA — Highly placed sources said Thursday the Rhodesian Government has made plans to blow up the power station on the Rhodesian side of the giant Kariba Dam (shown in this aerial photo) if

there are any "hostile intrusions" by British forces. The Kariba Dam is on the Zambezi River which forms the border between Rhodesia and Zambia and its output is essential to Zambian industry. (UPI)

Doctors To Refute Medicare Program

CHICAGO (AP) — More than 50,000 doctors will refuse to take part in the federal medicare program, says an official of the Association of American Physicians and Surgeons.

Harry E. Northam, the association's executive director, said Wednesday he based his figure on letters and actions of local and state medical societies. The association, formed in 1943 to represent the business needs of doctors, claims 15,000 members. It is conducting a nationwide campaign against the health care program.

Jefferson City Also Falls**Gremlins Among Losers In Tournament Play Thursday**

The Sacred Heart Gremlins, Jefferson City Jays and Tipton Cardinals were losers in Thursday night's action in the Tipton Invitational Basketball Tournament. Two of the games were in the winner's bracket.

Tonight's action puts Helias against Sweet Springs and Sacred Heart against Osage with the finals on Saturday night.

Sacred Heart 72, Helias 78

The Gremlins lost a heart-breaker to the Helias Crusaders from Jefferson City, 78-72, after owning a five point lead in the first quarter.

In spite of Sacred Heart's best efforts, Helias slowly but persistently took over the lead in the second quarter until the Crusaders had turned the Sacred Heart lead into a five point deficit at the half.

Sacred Heart now 4-6 for the season, outshot Helias in the field goal department, hitting for 28 during the game, one more than Helias. It was in the free throw category that the Gremlins lost the game.

Top gun for the Sedalians in their tenth game of the season were Ron Kruse, who shot for 24 tallies, and Mike Maple, who backed him up with 18. Staggers led the Jefferson City attack with 19 points, followed by Rieke's 16.

Score by quarters:**Helias** 11 27 19 21—78**Sacred Heart** 16 17 15 24—72

Individual scoring: Helias — Staggers, 7-5-19; Rieke, 5-6-16; Williams, 4-6-14; Rodeman, 3-2-8; Muessig, 1-3-5; Kivett, 2-4-4; Baron, 3-2-8; Prenger, 2-0-4; Sacred Heart — Bob Scherer, 6-2; Carl Viscinten, 2-0-4; Mike Maple, 7-4-18; Ron Kruse, 8-8; 24; Ward Kniest, 3-2-8; Tom Logan, 1-0-2; Earl Gerke, 1-0-2.

VERSAILLES 59, JAYS 55

The Versailles Tigers pulled what amounted to an upset by edging past first-seeded Jefferson City.

Calhoun Top Seeded In Tournament

Calhoun's undefeated Eagles are top-seeded in the 1965 Golden Valley Conference Tournament at Chilhowee, which gets underway Dec. 6 and continues through Dec. 11.

The Eagles, with ten straight victories behind them this season, will go against Kingsville, ranked eighth, in the tournament opener on Monday night. Fourth-ranked Deepwater rounds out the night of varsity action against Lowry City, seeded fifth.

Tuesday night's activity starts with the Leetown Bulldogs, ranked third, set to go against Ballard, while second seeded Chilhowee meets Montrose the next night.

Referees for the tournament will be Keith Anderson, Wes Sanders, Walter Haymart, Dale Norfleet and Neal Cooper.

Besides the tournament championship trophy, the team displaying the greatest sportsmanship in the tournament will also receive recognition. As far as the cheerleaders are concerned, the only dark note struck in the tournament is the ban placed on noise-makers such as bells, horns and so on.

The sportsmanship trophy donated by Chilhowee merchants, will be presented Saturday night and selection of the recipient will be determined by a sportsmanship committee composed of Earl Courtney, official timer; Rev. Robert Barnett, official scorekeeper, and School Superintendent S. G. Welch.

Bad Heart Fells Young Cage Player

ROCHESTER, N.Y. (AP) — A congenital heart condition kept John Shemming, a senior, from participating in the physical education program in a public school, officials say.

But a medical examiner ruled Thursday, following an autopsy, that this condition caused the 17-year-old Shemming's death Wednesday night during a church-league basketball scrimmage.

The boy's father later told a reporter he was aware of his son's heart condition.

Shemming, of Rochester, was a member of St. Monica's Roman Catholic Church team in the Catholic Youth Organization basketball league. During the scrimmage a basketball brushed his face, witnesses said.

The youth collapsed and died a short time later at Strong Memorial Hospital. The medical examiner attributed the death to natural causes.

Shemming, a son of Mr. and Mrs. John G. Shemming, was not a member of the basketball team at West High School, which he attended. High school officials said because of the heart condition he was exempt from physical education courses.

Tennessee is ranked seventh in the nation and its fleet secondary hasn't surrendered a bomb-type touchdown pass this season. Of the nine touchdown passes Beban has completed, eight have been on bombs between 34 and 89 yards.

Saturday's other games send Oklahoma against Oklahoma State and Morgan State against Florida A&M. The latter is the annual Orange Blossom Classic and will be played in the Orange Bowl Saturday night.

Beban led UCLA into the

finals of the finals of the Warsaw Invitational Basketball Tournament Thursday night by defeating Lincoln and Cole Camp, respectively. All games Thursday were in the semi-finals.

In volleyball action, LaMonte and Stover managed the same feat by overcoming Green Ridge and Cole Camp, in that order.

Osceola, however, proved otherwise, padding its three point advantage in the first quarter with nine more in the second for a half-time lead of 42-30. From then on, the game went entirely Osceola's way.

Osceola's attack was spearheaded by Scott's 27 points, good for game scoring honors. Belisle backed Scott with 21 points of his own to blanket the Cole Camp effort.

Score by quarters:

In volleyball competition, Cole Camp's "A" team went down to Stover 27-17 with Young doing the honors for the winners with nine points. High for Cole Camp was Crenshaw with six.

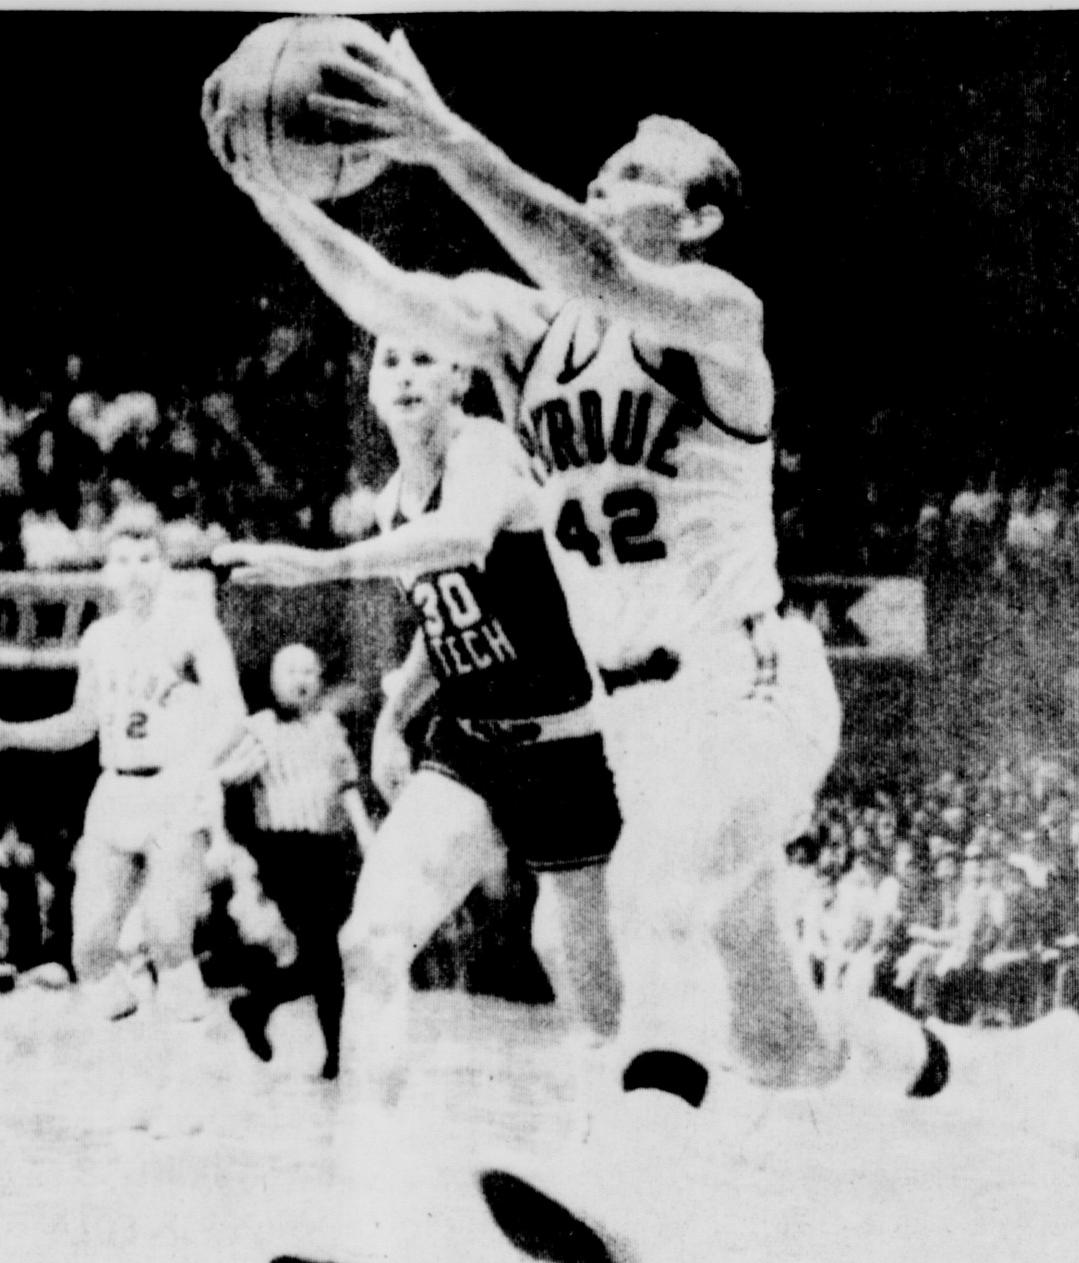

The other volleyball game saw LaMonte demolish Green Ridge, 37-9, with Hanson serving 16 perfect shots to lead the winners.

The victories will put Warsaw against Lincoln for consolation honors and Cole Camp's "A" team against Green Ridge tonight.

In basketball play, Climax Springs will go against the LaMonte Vikings for the consolation trophy and Stover will face Green Ridge in the second losers' bracket cage encounter.

It was the only game on the NHL schedule and the victory enabled the Red Wings to take over sole possession of fifth place, a point behind New York.

The Red Wings have won but five games in 17 starts this season and four of the triumphs have come over the Bruins.

The Bluebirds, putting up a stiff fight against the Osceola aggregation, slumped to a three point deficit in the first quarter after many fans thought Cole Camp was a shoo-in for that particular game Thursday.

Osceola, however, proved otherwise, padding its three point advantage in the first quarter with nine more in the second for a half-time lead of 42-30. From then on, the game went entirely Osceola's way.

Osceola's attack was spearheaded by Scott's 27 points, good for game scoring honors. Belisle backed Scott with 21 points of his own to blanket the Cole Camp effort.

Score by quarters:

Warsaw 11 18 14 14—57**Lincoln** 7 14 7 14—43

Individual scoring: Warsaw — Tom Shepardson, 6; Bob Barnes, 22; Don Cothen, 6; Robert Barb, 12; Jerry Day, 5; James Miller, 6. Lincoln — Brandom, 25; Bill Farris, 11; John

Actors Face Some Danger In Ad Roles

By CYNTHIA LOWRY
AP TV-Radio Writer

NEW YORK (AP) — It has been several years since Betty Furness quit her well-paid job of demonstrating refrigerators and other household appliances in television commercials to pick up the threads of her performing career. But everybody in show business remembers the problems she had in dissociating herself from her long-time sponsor.

Her experience was not unique. Last season a well-known comedian, whose looks and style were ideal for an established television series, was skipped — because he had been for two profitable seasons the officials TV spokesman — industry jargon for "salesman" — for a laundry product.

It is possible to spot some well-known faces in the current crop of sales spots. The question is whether we, the viewers, find stars believable.

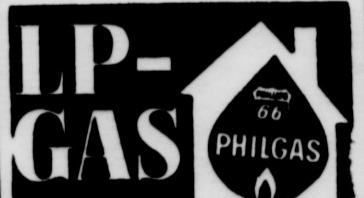

Few of us believe that Jane Withers is really a lady plumber. Or that Skip Homier, a popular guest star on the top TV shows, summers as a camp counsellor persuading his small charges to brush their teeth regularly. Or that Pat Englund is just an aproned housewife fretting about the whiteness of her spouse's shirt.

Arnold Stang, the bespectacled little comedian in films, television and radio, believes that if a performer handles himself right in a commercial and is not over-exposed it need not put brakes to other facets of his occupation. Currently he is appearing in a series of sales spots on television but in each one he is acting a different character.

"At least, I don't get typed," he reflected. "And I do think that there is a value in having a well-known person in the commercials — or there would be if they were used right."

"If they are willing to pay these exorbitant fees they should use them in more ways than they do."
